I am glad to write this recommendation letter for Anna Pak.

She had been working in our company as a SEO manager since 31st March 2022 untill 18th May 2023. During this period, she had also been assigned tasks, which match junior web-developer competencies.

While working in our company she had proven to be responsible, hardworking and initiative person. She had always accomplished the tasks in a timely, organized and proper manner.

In addition to that, Anna possesses great communication skills and had always been helpful to her colleagues. She had taken a proactive stance in her work and had been able to come up with creative and valuable ideas to improve the current workflow. This had helped us to increase productivity and quality of our work. On top of that she is a quick learner and able to ace and apply new skills in her job.

I am sure she will be a great part of a new team. She is a skillful specialist who is able to work in a team. I do recommend Anna for a position she is currently considering.

In case you need personal acknowledgment or consultation regarding this letter, do not hesitate to contact me via email.

Best regards,

Bort Stanislav
